

New in the Library:

A Secret Garden by Margaret Cadwaladr, published by the Darts Hill Garden Conservancy Trust Society. 146 pages, over 200 colour and black and white photos.

Margaret is a member of our group and has presented at our meetings. She has written **Veronica's Garden: A social History of the Milner Gardens and Woodland**. As noted in the description on the Darts Hill Garden Web site, this is "a wonderful book about the life and times of Edwin and Francisca Darts, the garden's founders."

A significant part of the book deals with the past history of Edwin and Francisca Dart. They displayed at the PNE where Edwin won awards for his fruit. Francisca was active in numerous garden groups and clubs in Vancouver and the Surrey area. She was a member and president of the Vancouver Chapter of the American Rhododendron Society.

I highly recommend this read by our friend, Margaret.
